Welcome to Ljubljana, charming capital of Slovenia.
It might only have 290 thousand residents
but it has a big heart and unique soul.

adventure

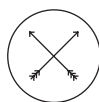

You will enjoy the most beautiful attractions and also experience Ljubljana from genuine, local's point of view. When you arrive to Ljubljana you will meet with our friend, Ljubljana's born and raised. Together you will take a 2 hours walk through the city center and discover all the best city's authentic little secrets.

Afterwards you will take a ride on funicular to Ljubljana's castle, enjoy magnificent view from the castle's tower and have a 4- course lunch at one of Ljubljana's finest restaurants: Gostilna na gradu. We picked this place for you because it represents Slovenian traditional culinary with a twist of modern. Two of best Slovenian chefs collaborated to create dishes that will be on your plates, one of them is Ana Roš- World's best female chef 2017 and a star of a Netflix series Chef's table!

After lunch you will hop back on the funicular and decide how you want to spend the rest of your day in Ljubljana. We recommend a coffee in the old town (our friend will show you where to have the best), some shopping, a stroll through Tivoli park, a beer or a glass of wine by Ljubljanica river... and of course people watching!

Later in the afternoon you will take a boat ride on Ljubljanica river where you can sit back, relax and watch Ljubljana from another perspective. You return back to HOME apartments whenever you are ready.
